TABLE 2

Number of Owners Showing their Numbers of Horses in Training

The number of Owners categorised by the number of horses in training that they own. **With horses owned jointly, all the partners or lessees are counted and their shares are each counted as one horse.**

The figures shown in the table for each year are an average of the 12 monthly figures produced. As the figures are rounded to the nearest whole number, the total may not equal the sum of the individual parts.

TABLE 3

Numbers of Owners With Horses in Training by Type of Ownership

The numbers of owners with horses in training, categorised by type of ownership. The Inclusive Figures allow for duplication of a single owner in more than one of the categories, depending on the types of ownership involvement, and therefore show the total number of different owners involved in each category. The Exclusive Figures show a more precise breakdown of ownership types by which each owner with horses in training is categorised in only one of the categories. The sum of these categories is, therefore, equal to the number of different owners with horses in training as categorised in Table B2.

The figures shown in the table for each year are an average of the 12 monthly figures produced. As the figures are rounded to the nearest whole number, the total may not equal the sum of the individual parts.
